There is trouble again at Dennett's Park coffee and a quotation from Scripture for one the Twenty-third Assembly District which railroad company is willing to consent to the released. price. The men employed as night watters rent on strike about 1 o'clock this morning and patrons who sought an early breakfast tound no one to serve them.

The Magnolia Association of Waiters, in an address to the Central Labor Union, complains that the proprietors of Dennett's have violated an agreement entered into in settlement of the last strike by which there were to be none but union walters employed and at union wages. The address says that the corporation known as " Dennett's" employing young women at about half the wages paid to union waiters, and that when centiment and gallantry are cut of place.

There were only four of these night waiters concluded their day's work at midnight, and there are seven others whose tour of duty is from 11 a. M. to 3 r. M.—the "rush" hours. Mr. Swayne, of the firm of Dennett's, and

There has been no attempt to conceal the fact that a bill introduced in the Legislature by Assemblyman Timothy "Dry Dollar" Sullivan, and which recently passed that body, had but one object, and that to render Fire Commissioner Hearty D. Purroy eligible for election to the bench of the Court of General Seasions next Fall. Its passage is acknowledged to mean his nomination by Tammany Hall for that position, and the Tammany homization is considered by the Wigwam leaders equivalent to an election.
